WEDDING BOOKING - SONG REQUESTS

It's not essential that you give us songs to play at your wedding, our DJ's are more than capable of choosing the music to ensure you have the perfect party, but it's always nice to have some of your favourites that you know are guaranteed to make the night that extra special! If you have song's that you'd definatley like us to play (or your mates favourites) plesae make a note of as many as you can below!
